OUR LEGACY

SIGMA

Our motto, "**Built to Lift, Engineered to Elevate**", reflects our commitment to excellence. We specialize in manufacturing cranes and hoists, offering efficient material handling solutions to support businesses from their inception to growth. At Sigma, we provide holistic material handling solutions, encompassing superior design, reliable lifting, prompt spares and affordable maintenance. Our vision is to lead the industry long-term by constantly evolving to meet our customers' needs.

- ◆ **50 years** of excellence in material handling solutions, driven by **in-house design**
- ◆ Precision-engineered, fully **customizable** hoists and cranes tailored to meet **diverse industry demands**.
